

Help Plan the Future of the City of Marysville Park and Recreation Program!

Recreation and Parks play an important role in the lives of Marysville Residents. In recent years the city has seen unprecedented growth and with this growth has come an increasing need for recreation and park resources.

In order to address the current and future needs of our residents, the City has initiated efforts to create a master parks plan to guide the decisions which impact the parks, the recreation programs and the community they serve.

Please plan to attend one of two community forums to provide input on the future of our parks and recreation system.

7:00 – 8:30 p.m.

Wednesday, April 22, 2009

Union County Service Center

940 London Ave.

Marysville, Ohio

OR

7:00 – 8:30 p.m.

Thursday, April 30, 2009

Creekview Intermediate

2000 Creekview Dr.

Marysville, Ohio

At these meetings, you will hear a brief update of the current status of the Marysville Parks and Recreation System. You will then have the opportunity to join smaller focus groups to participate in open discussions about what you would like to see for the future of the Marysville Parks and Recreation System.

Please plan to attend one of these meetings to provide your input. Our Parks and Recreation Resources exist to serve your needs. We need to hear from you to ensure that key priorities are included as we plan for the future.

For additional information, please contact Chris Moder at 937-645-1050.
