3. Employer's certification **MUST BE** completed by authorized officer or agent.
4. Attach copies of Federal forms as may be applicable.
5. No refund of less than one dollar and one cent (\$1.01) will be made.
6. Refund requests will not be honored beyond (3) years from the date the taxes were due.

***For Days Worked Out of Marysville, please complete the calendar on pages 3 and 4.**

8. The average working year consists of 260 days (Saturday and Sunday are not considered working days).
9. Training sessions, seminars, local meetings, temporary or casual employment, although they may be outside the City, do not constitute changes in work situs and are not factors in determining time worked out of the City.

NOTE: INCOMPLETE CLAIMS CANNOT BE APPROVED AND WILL BE RETURNED TO CLAIMANT.

In addition, please be advised that we will be notifying your resident city and those Ohio cities shown on your itinerary that also have an income tax. It appears that one of the intentions of the new State Law is to hold the employee responsible to pay either the city where the work was performed or the base city of employment, when both are taxing municipalities. Since you are receiving a refund of taxes withheld for your base city of employment, the work city or city of residence may elect to pursue recovery of those dollars.

If you have any questions, call (937) 645-1026 or (937) 645-1043 or visit our website at www.marysvilleohio.org.
