

We have smoke detectors....do you?
Ask us - your life may depend on it!

You may be eligible for a free smoke detector if:

- ❖ You are a resident of our fire district **and:**
- ❖ You have people under 14 or over 65 living in your home, **or**
- ❖ You have a person with a handicap impairment in your home, **or**
- ❖ You are a recipient of public aid.

These free 10 year battery smoke detectors are provided
as the result of a federal grant.

The smoke detectors may be picked up at the fire
department for self-installation, or we can install
them for you.

We are also offering free home fire safety checks.
